

Easter Island - Rapa Nui

Our Cabins, completely equipped with first quality furniture and appliances, will allow you to feel surrounded with the comforts of your own home, with enough space to move comfortably in a unique environment. Surrounded by the beautiful landscape, our cabins are the perfect setting to discover the beauty, history and the myth that characterize Easter Island.

The cottages are located only 5 minutes by car from the center of Hanga Roa, in the touristic expansion area of the town, close to tourist attractions like the "cueva de las ventanas", the Tahai and the Hanga Kio'e.

At the arrival our visitors are welcomed at the airport with the traditional collar made of flowers and transferred directly to the cabins. At the end of the visit we will say goodbye in the traditional Rapa Nui way and then transfer our guests back to the airport.

We invite you to get to know the mysteries of Rapa Nui in the best place, Cabañas Morerava.

Moai at Rano Raraku

Each Cabin has spacious 60 interiors sq mt (646 sq feet) plus 17 sq mt (183 sq feet) of covered terraces, which allow a comfortable stay for 6 guests.

The cosy cabins have an open plan living space for the kitchen, dining and lounge, especially designed to enjoy within the family or with friends.

Features include:

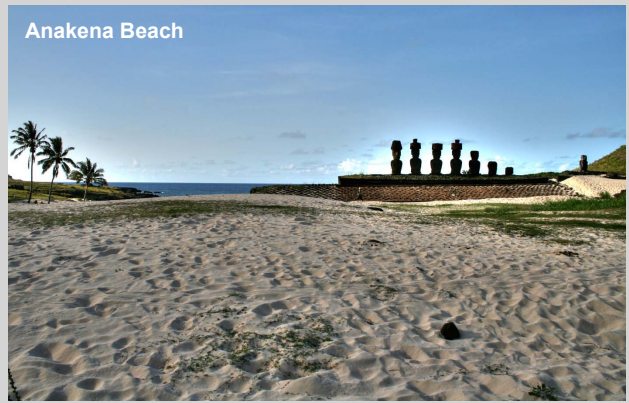

- Water heated by solar panels.
- Rainwater capture for domestic use (under implementation)
- Cross ventilation for a passive ventilation system
- Large windows for natural illumination (with mosquito nets)
- LCD Flat Screen TV
- Safe Box
- Hamaca
- Wi-Fi

Fully equipped for 6 people

- Refrigerator
- Dish washer sink
- Kitchen with oven
- Juicer
- Coffee maker
- Microwave Oven
- Liquefier

In it's design special attention was given to sun light and cross ventilation to avoid the usage of mechanical systems to achieve thermal and luminance comfort. Hot water comes from solar panels located on each cottage's roof, avoiding the use of gas or electricity (which in the island is generated from petrol) for this purpose.
